

## PRESS RELEASE

(For immediate release)

### MOTORSPORTS IN ACTION TEAMS UP WITH DUMOULIN COMPETITION FOR THE 2015 SEASON

Six races confirmed for Jean-François Dumoulin

■ **Trois-Rivieres** (Quebec, Canada), **March 12, 2015** – Perseverance, tenacity, and professional networking allow the opportunity for Jean-François Dumoulin, today, to **announce the partnership with Motorsports in Action** and his **participation in multiple events of the NASCAR Canadian Tire Series in 2015**. It is with great excitement that the elder Dumoulin brother will be invested in this new project in order to stand out on road circuits as well as train up on oval tracks behind the wheel of the #04 Dodge Bernier Crepeau / Bellemare / ACASS.

■ “Announcing **six races** before the beginning of the season is a first for me. Racing on oval circuit is a very interesting challenge, especially in a competitive series such as NASCAR Canadian Tire,” shares the enthusiastic driver of the #04 Dodge Bernier Crepeau / Bellemare / ACASS.

■ Long-time friends and professional partners Eric Kerub (owner of the MIA-Motorsports In Action race team) and Jean-François Dumoulin have been wishing to develop this association for a long time. “We’ve been working together for several years. I coached Eric in the beginning, and the projects kept developing constantly at the mechanical, adjustment, strategic, Micra Cup car preparation levels, and more. It’s really fun!” mentions Jean-François Dumoulin.

“I’ve known JF for several years, his reputation as a driver and instructor is established. A collaborator in multiple professional cases, MIA had wished to become a partner of Dumoulin Competition so that JF could participate in a full season. The occasion presented itself, and we bought two powerful cars to insure he has a quality vehicle for the first races of the 2015 season.”

■ The cars bought by MIA are those that were driven by Alex Guénette in 2014. Throughout the 2015 season, Dumoulin Competition will also count on the frequent collaboration of King Autosport, notably for the adjustment of the #04 Dodge Bernier Crepeau / Bellemare / ACASS cars (Circuits confirmed on page 2).

#### Upcoming partnerships

Discussions are underway with potential partners so that Jean-François Dumoulin can participate in the whole championship. “There are talks going on for both races in Western Canada, among others. The fact that Louis-Philippe is the 2014 champion opens up doors and our objective is to participate in the whole season, we must, however, find the required financing.”

#### Motorama Custom Car Show & Motorsports (Toronto, Ont. - March 13-15, 2015)

Jean-François Dumoulin will take part in Saturday’s NCATS Driver Autograph Session, which takes place from 3:00 to 4:00 p.m., while Sunday’s runs are from 12:30 to 1:30 p.m. Following Sunday afternoon’s autograph session – from 1:30 to 2:00 p.m. – the NCATS drivers will take to The Johnsonville Stage for a 30-minute Q&A with the fans. During this session, hosted by Dave Bradley – a member of the broadcast team for the NCATS race broadcasts on TSN – the drivers will discuss their news and plans for 2015 and will take questions from the fans in attendance. Series director Alex Nagy will also participate in the on-stage session.
